**Cultural Ambassadors  
Target Loneliness through  
Intercultural Dialogue**

Let us share with you a few facts about the **CATLID C1 TRAIN THE TRAINER** event which took place in January this year. This Joint Staff Training Event was carried out to present all five training modules to the partner representatives (both staff and trainers), collect feedback, suggest ultimate improvements based on the comments and train the future trainers on the course delivery.

Additional aim was also to discuss the alternative ways we can adapt certain exercise to the online format keeping them equally engaging.

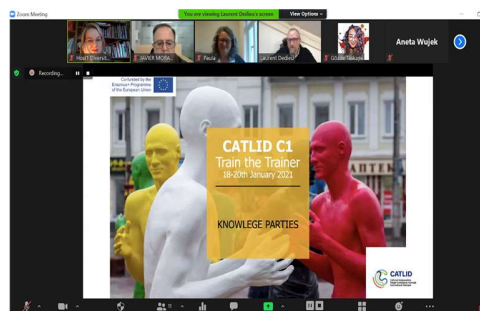

## During the 3-days training we:

- ✓ Trained the trainers on all five training modules
- ✓ Shared the feedback and suggested improvements
- ✓ Exchanged a lot of ideas and knowledge
- ✓ Got trained on soft skills and tools required in virtual environment
- ✓ Had lots of inspiring discussions
- ✓ Tested some training activities

... had fun and laughed a lot!

Those were three fantastic, engaging and insightful days full of brainstorming and knowledge sharing. We had a chance to go through the content of each training module, exchange the ideas and test some of the training activities and online tools. Although the agenda was quite tight and intense, we left the training happy, inspired and confident to kick off the pilot course for our Community Educators.
